Lactic Acid Exfoliator-35 Protocol with Skin Script and BiON

Dry, sensitive

30 minutes

PRODUCTS NEEDED

- Skin Script Green Tea Citrus Antioxidant Cleanser
- BiON Mineral Cream Cleanser
- Skin Script Cucumber Hydrating Toner
- BiON Lactic Acid Exfoliator-35
- Bio-Essence Nighttime Calcium Complex
- BiON Titanium Dioxide SPF 35 (tinted or non-tinted)

Treatment Steps

Step 1: Cleanse the skin with Skin Script Green Tea Citrus Antioxidant Cleanser.

Step 2: Second cleanse the skin with BiON Mineral Cream Cleanser, leave on 2-3 minutes and rinse off.

Step 3: Tone using Skin Script Cucumber Hydrating Toner & MYSKINBUDDY with Intrinsic Cotton Round using setting #1.

Step 4: Apply BiON Lactic Acid Exfoliator-35 leave on for 2-3 minutes. Start at the forehead and chin area, moving to the cheek and nose area. Remove with wet Intrinsic 4x4 to neutralize peel solution.

Step 5: Perform extractions, periodically removing debris with a Intrinsic 2x2 & Skin Script Cucumber Hydrating Toner.

Step 6: Apply BiON Bio-Essence Nighttime Calcium Complex, massaging into skin and BiON Titanium Sunscreen SPF 35.
